LAWRENCE
DOORS

Since 1925, Lawrence Doors has successfully served the needs of our customers. We have a time-tested and proven track record. Whether your needs are new installations or repairs and service, let our experience and commitment – backed by factory support – assist you.

YOU'LL LIKE WHAT WE OFFER!

ENTHUSIASM

- > Fast, friendly service
- > Courteous personnel
- > Professional approach
- > Problem solving attitude

KNOWLEDGE

- > Factory training
- > Engineering support
- > Dedicated management
- > Unparalleled experience

COMMITMENT

- > Radio dispatched personnel
- > Same day response
- > Proven reliability
- > Responsibly insured

Fire door drop tests

Two successful drop tests are required. The first drop test must demonstrate proper operation and full closure. A second drop test must be conducted to verify the door was reset properly.

In addition to the written Inspection and Test Form, a serialized Inspection and Test Record Label will be attached to each fire door indicating when the door was last tested.

Fire door services

- > Sales, service and repairs for all types of fire doors
- > Annual drop tests and inspections
- > Regulation 4 Certification (City of Los Angeles)
- > Custom manufacturing and installation
- > Retrofit operating systems for existing doors

How often should fire doors be tested?

Fire doors must be tested at least once a year by a trained door systems technician according to NFPA-80 requirements and model codes.

Fire door inspections

Lawrence Doors can perform the necessary inspections and tests to allow you to be in compliance with NFPA-80 and model codes. We will provide you with a detailed written Inspection and Test Form as your required documentation for the local Authority Having Jurisdiction.

INSPECTIONS INCLUDE:

- > Visual inspection
- > Operational test
- > Drop test (Roll-Up & Sliding)

Retrofit your existing fire door

Retrofit fire door operators can be installed to bring state-of-the-art technology to older roll-up fire doors that don't operate properly. Our retrofit operators are UL listed and FM approved.

REASONS TO RETROFIT:

- > Improves safety and reliability
- > Fast solution with minimal business disruption
- > Saves money by eliminating door replacement

Why choose us?

SOLID COMPANY HISTORY

We are a 3rd generation family-owned business with a highly distinguished reputation since 1925.

WE CATER TO OUR CUSTOMERS

By enrolling in our Fire Door Testing Program, you choose a convenient time in your schedule for us to come inspect and test your doors.

MULTIPLE LOCATIONS

We have 6 service centers to assist our customers. When a problem does arise, we can arrive promptly so that your business is less disturbed by the problem.

Please feel free to contact one of our service centers to learn more about our services.

MAKE FIRE DOOR TESTING A PRIORITY TODAY!
